APPLYING FOR ICMA RECOGNITION

The Process
ICMA Recognition is formal acknowledgement by the ICMA Executive Board and membership that a local government has established a position of professional management for its appointed executive and granted that position certain authorities and responsibilities.

Recognition applications are reviewed in the order in which they are received. Upon receipt of a recognition application, ICMA staff reviews the application and any supporting documents. If there are questions or if the application is incomplete, staff will contact the applicant for additional information.

Once all pertinent information has been submitted, the application is reviewed based on the specifics of the ICMA Council-Manager (CM) or General Management (GM) recognition criteria, and a preliminary determination is made as to which criteria is most appropriate.

Council-Manager Recognition
After reviewing the application and supporting documentation and completing the criteria template, ICMA staff sends copies of those materials to the state association president or designee. That individual is asked to review the application and respond with either approval or concerns. Based upon staff recommendation and comments from the respective state association president, the Executive Director decides whether or not to extend CM recognition. If no reply from the state association is received within four (4) weeks, the Executive Director will formally recognize the local government under the council-manager criteria. The ICMA Executive Board is informed of these recognitions during their next regularly scheduled meeting.

General Management Recognition
General management recognitions are handled slightly differently. After reviewing the application and supporting documentation and completing the criteria template, ICMA staff forwards those materials to the state association for consideration. The state association provides its recommendation staff. The recommendation is held until the next board meeting, during which the Executive Board approves assignment of ICMA recognition.
