

September 2023

CYBERSECURITY LEADERSHIP ACADEMY

Module 1: The Security Leadership Mindset

Program overview focused on what it means to think and act as a cybersecurity leader.

Module 2: The Art of Security Intelligence

Learn how data security professionals can best obtain, use, and distribute threat intelligence.

Module 3: The Balance Between Security & Innovation

Establish a mindset that embraces innovation and looks for ways to consistently simplify complexity.

Module 4: Security Change Management

Learn to be a change agent and use change practices to address and overcome security challenges.

Module 5: Positive Leadership in Security

Develop positive leadership practices to achieve positively deviant organizational outcomes.

Module 6: Collaboration and Negotiation

Apply Mutual Gains Approach and leverage collaboration necessary to provide satisfying outcomes and enhance relationships.

Module 7: Security Communication

Adapt practical and meaningful useful techniques for how IT security leaders can communicate within and outside of the organization.

Module 8: Relationship Management

Create and execute the steps to build strong professional relationships and form key strategic partnerships.

Module 9: Security & the Network of Things

Use your network to aid in developing and maintaining an effective risk management strategy.

Module 10: Your Changing Role in Security

Apply techniques for learning and adapting as a cybersecurity leader while establishing a clear leadership philosophy.

Module 11: Simulated Cyberattack

Foster development and alignment within cybersecurity individuals and work teams through drills, training, and war games.

Module 12: The Power of One

Communicate how your value as a cybersecurity leader directly impacts the long-term success of the enterprise and beyond.
