Your "Encore" Experiences

Please describe below your various activities and experiences which may be of interest to local government managers as they consider their next life phase (for example, consulting, interim management, teaching, pro bono or volunteer work, writing, work in the non-profit sector, creative or artistic pursuits).

Since retiring at the end of 2007 I have run my own consulting business and have joined Urban Futures, Inc. as a part time consultant. Currently I'm wrapping up an eight month assignment as interim city manager of Stockton. I also serve on some local non profit boards here in Fairfield where I live. I get a lot of fulfillment out of giving back to the profession by serving and supporting the PNG program, the senior/encore CM committee, BES, Cal-ICMA and ICMA.

Your Coaching Interests:

I think sharing what we have learned on our journeys since leaving full time city management could be useful for others as they move on to the next phase of their lives. I know learning from the experiences of others who left before me was invaluable in prepping me for the experience.
