Land Use Controls (LUCs)

<http://www.LUCs.org>

Welcome to the Land Use Controls site

The concept started with LUCs.org

The only information clearinghouse dedicated to land use controls/institutional controls.

E-Library, News, Events, and Links

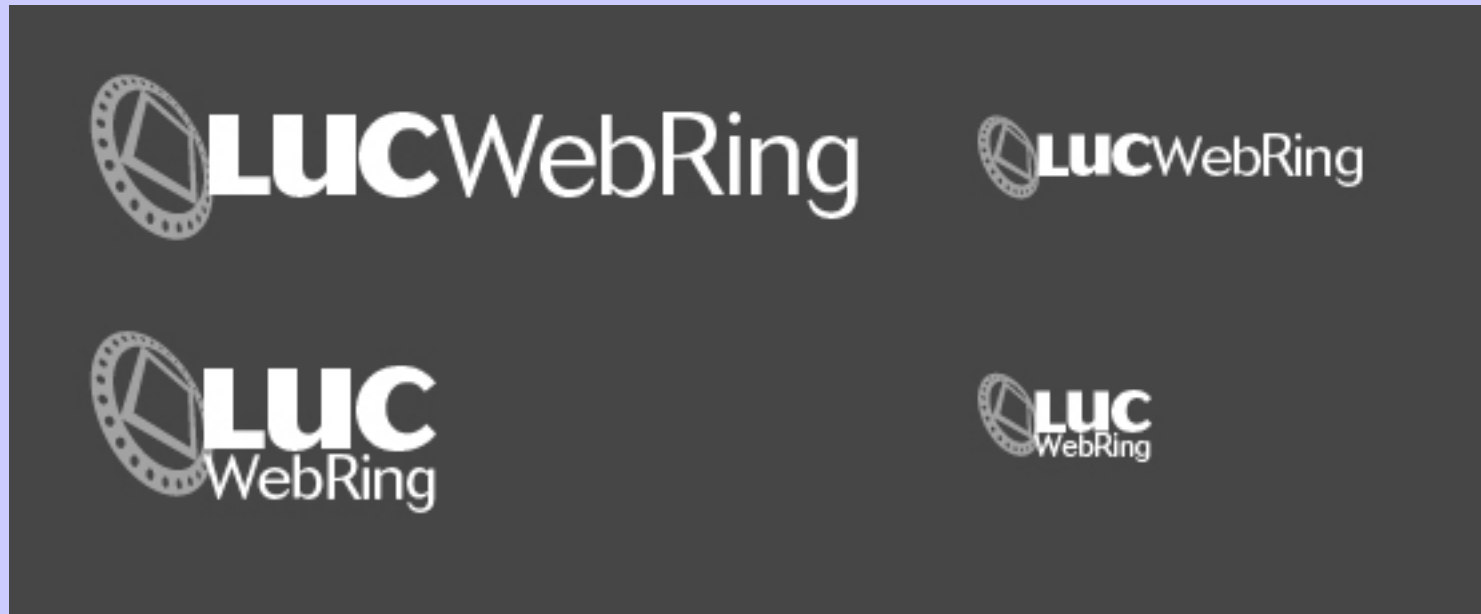

The Web Ring as a Virtual Community

Arrows indicate decentralized navigation that forms a virtual community to more effectively leverage and disseminate existing information.

Web Ring Icon

Located on members' pages, this logo open up a small window with a graphic, interactive navigation ring in a new browser when a user clicks on the logo. The old browser would remain open where the logo was found.

When the icon is clicked, a graphic interface like this one would open in a separate browser window.

Help Keyword Search About the Ring

SECTOR: **Academic/Labs**

Environmental Law Institute
Georgia Tech HSRC S & SW
Louisiana State University HSRC S & SW
