**Report: Report Vandalism**

12/01/2007 - 12/31/2008

**Report Key****Table of Contents**

- **Monthly Activity Report**  
The Monthly Activity Report Report shows the number of items opened and closed with a particular period.
- **Average Time to Close**  
The Average Time to Close Report shows the average time it took to close Action Items opened on a particular date or during a particular period.
- **Cumulative Status**  
The Cumulative Status Report shows the cumulative number of open and closed Action Items in the system as of the date the report was printed.
- **Current Status Level (As of 12/17/2008)**  
The Current Status Level (As of 12/17/2008) Report shows the current status level of all active Action Items, through the date printed. If, for example, you printed a historical report, this would include all action items through the date and time printed, not the end date for the report.
- **Status Level Activity**  
The Status Level Activity Report shows what activity was taken on the Action Items. For example, if all Action Items that were opened during the period were closed, you would see 10 Submitted and 10 Closed. As a comparison, in the Status Level (This Period) Report would show 0 Action Items in the Submitted Status, and 10 Action Items in the Resolved Status.

**Status Levels**

- **Submitted (Open)**  
Submitted is the default status assigned to items as they are recorded in the system.
- **Reviewed (Open)**  
A status of reviewed indicates that a user has looked at the request but has not necessarily taken any additional action.
- **Commented (Open)**  
Commented indicates that a staff person has recorded notes or conversed with another staff person concerning the Action Item. If the staff person has made these notes within the system, this status level is automatically recorded.
- **Responded (Open)**  
Responded indicates that a staff person has sent a message of some sort to the person who submitted the Action Item. If the staff person responds through the system, this status is automatically recorded.
- **Resolved (Closed)**  
Resolved indicates that a staff person has completed the service request or responded to the inquiry detailed in the Action Item. This status level is never recorded automatically.

**Cumulative Status**

	Total	%
Opened	21.00	0.00
Closed	21.00	100.00

**Quick Tip:**

- The line graph shows the total number of Action Items that have been opened and the total number that have been closed through the end of the selected period. It should provide insight into how close the Action Item managers are to keeping all items closed.
- The pie graph shows the percentage of items with a status of open versus closed in the period. Note that the number open in the pie graph is the "opened" value less the "closed" value in the table and the line graph.
- You can use the table to see the precise cumulative count of Opened items versus

Closed item through this period. The percentage is a comparison of Closed items to currently Open items, or the number Closed to the number Opened less the number Closed
