

The Brigham Young University International City/ County Manager's Association Student Chapter works closely with the Romney Institute of Public Management (RIPM) to prepare leaders of exceptional capability and integrity who are committed to serving their communities and improving public service organizations.

Conferences

In September, ten chapter members participated in the annual ICMA conference in Seattle, Washington. Additionally, 11 chapter members attended the annual UCMA conference held in St. George, Utah and seven chapter members attended the UCMA Fall Conference in Salt Lake City Utah. These conferences proved to be great opportunities for members to connect with local and state professionals from multiple municipalities, and to learn about challenges, solutions, and best practices relative to the profession.

Field projects

Our chapter takes pride in providing opportunities for real-world experience. One way in which we provide these opportunities is through field projects with local cities. This year we worked with the cities of Irving, Texas; Kenmore, Washington; and Eagle Mountain, Utah. Projects included a Popular Annual Finance Report (PAFR), Administrative Law Judge job description, community services analysis, and more. Each project required chapter members to collaborate with local government professionals and apply current class curriculum and skills in a real world setting.

Presidency

For the 2016-2017 school year, Kevin Orton will serve as Chapter President, and Mackenzie Wood will serve as Chapter Vice President.
