ABOUT ICMA

ICMA, the International City/County Management Association, advances professional local government management worldwide through leadership, management, innovation, and ethics. Through expansive partnerships with local governments, federal agencies, nonprofits, and philanthropic funders, the organization gathers information on topics such as sustainability, health care, aging communities, economic development, cybersecurity, and performance measurement and management data on a variety of local government services—all of which support related training, education, and technical assistance.

ICMA provides support, publications, data and information, peer and results-oriented assistance, and training and professional development to more than 12,000 city, town, and county experts and other individuals and organizations throughout the world.
