

Pace University – ICMA Chapter Report

Chapter news: In this section, include any information about new developments in the chapter. Did you have the opportunity to meet ICMA members? Did you collaborate with another chapter or with your state association? Has there been a significant increase in members? Have you developed any exciting collaborations or partnerships? Do you have new chapter officials?

Pace University's ICMA Student Chapter was established in December 2017. Since that time, we have appointed a faculty advisor (Dr. Andy Crosby), mentor (Ms. Meredith Robson), and student president (Mr. Mario Garcia). We plan to hold elections for a full slate of officers in September 2018.

At least three highlights of your year: Give descriptions of the various events, activities, initiatives the chapter developed. Explain why the chapter feels they were successes and what you all learned from them. Be sure to include dates.

As mentioned above, our new chapter was established in December 2017, and as such our first semester was dedicated to establishing key positions, spreading the word to our students, and planning for our first full year as an ICMA student chapter. We look forward to Fall 2018 being our first semester with a full slate of events.

At least two photos (Quality photos, please! We'll use them elsewhere.)

As we plan Fall 2018 to be our first semester of holding events, we do not yet have photos. However, we look forward to sending photos after the coming academic year.

A look forward: Describe any plans that your chapter has for the next semester or next year. Talk about in events that are already being planned, any coming changes in officials, and describe the chapter's overall outlook on the coming semester/year.

We have already begun planning a networking event with local officials in Fall 2018. We plan to feature 3-5 municipal managers from Westchester County municipalities. As noted above, we also plan to hold elections for student officials in September 2018 and expect to have a number of additional students who join as a result.

List of chapter officials

Dr. Andy Crosby (faculty advisor)

Ms. Meredith Robson (mentor)

Mr. Mario Garcia (student president)
