RE: Thank You for your Support of Municipal Bonds

Dear :

On behalf of the organizations listed above we are writing to thank you for your support in treating U.S. Municipal Securities as High-Quality Liquid Assets. This important legislation goes a long way toward ensuring that state and local governments maintain access to low-cost financing to build the infrastructure for commerce, public safety, job creation and the development of an educated workforce that our communities and national economy rely on.

Thank you again for your dedication in advancing this important legislation. It is only through your efforts and commitment to commonsense policy solutions that the federal, state and local partnership to maintain and invest in our nation's infrastructure is preserved.

Sincerely,

Government Finance Officers Association, Emily Swenson Brock, 202-393-8467
