COMMUNITY HEROES

Life, Well Run Community Heroes Nomination Form

Do you know a local government Community Hero?

If you look around your community you'll find local government workers improving our quality of life. Some are in very public roles – like police officers or teachers. Others keep the roads maintained, collect recycling, beautify our parks and public spaces.

We are once again capturing profiles of these heroes who work with professional city, town, and county managers to make *Life, Well Run*. But we need your help to identify those who deserve recognition.

Nominate a community hero in your jurisdiction who helps create a *Life, Well Run*. This individual is a member of the CAO's staff or extended staff. He/She is a star performer, has a love for public service, may have been working for local government for many, many years. Or he/she could be someone who is a recent hire but has already made an impact. This person may:

- help highlight the success of your council-manager form of government.
- help highlight the success of a public/private partnership.

This person deserves a hero's recognition for all of their hard work and service! ***Is there someone you know who fits the bill? Nominate them today!***

***Life, Well Run* is accepting nominations for Community Heroes until January 31, 2017.**
